PRODUCT CARE

POWDER COATED STAINLESS STEEL OR ALUMINIUM FRAMES

Clean the frame with a solution of warm water and a mild soap. Avoid the use of abrasive cleaners. Corrective paint for small scratchings is available to order in all colours.

Corrective paint (12 ml)
REF: CRP
49 CHF

BRUSHED STAINLESS STEEL FRAMES

Rinse the frame regularly with warm water. Clean with a spray for brushed stainless steel.

Spray Perfect Inox for brushed stainless steel (500ml)
REF: CL-IN
69 CHF

When placing the furniture in brushed stainless steel in location close to the sea shore or covered chlored swimming pools an extra anti-corrosion treatment is recommended. The high level of salt reduces the resistance to corrosion of stainless steel. The disregard of this recommendation voids the guarantee. An extra anti-corrosion treatment supplement is +10%. This treatment is not needed for powdercoated stainless steel or aluminium.

CERAMIC

Ceramics has no special maintenance requirements. To clean the table top surface use warm water and a neutral detergent. For persistent stains, you may use normal household detergents, including products to eliminate grease or lime scale.

HPL

Clean the table top surface with pure warm water or a solution of warm water and mild soap using a soft sponge or cloth. If stains cannot be removed use common household cleaners without abrasives. For persistent stains, you may use organic solvents such as acetone or alcohol. Remember to wash the surface with pure water in the end to avoid any residue of detergents.

FABRICS

Valid for all fabrics manufacturers (Crevin, Kvadrat, Limonta, Exit Fabrics)

Use soap and water for cleaning stains. Upholstery can be machine-washed at 30° using a mild laundry detergent and a gentle cycle.

Crevin

Kvadrat

Limonta

Exit Fabrics

OUTDOOR RUGS

Rugs can be cleaned with vacuum cleaner without brushes. For a more thorough cleaning use a solution of cold water and a mild soap. Avoid the use of abrasive brushes, bleaching agents or solvents, professional dry cleaning and high pressure washers.

BATYLINE

Clean with warm soap water or use a special Batyline cleaner. Spray the cleaner on the surface, leave for 2 to 3 minutes, use a soft brittle brush and brush the surface repeatedly in a circular motion. Let stand for one minute and wash with plenty of water to avoid residue drying on the surface and wipe with a dry cloth.

Spray Serge Ferrari for Batyline® (500ml)
